# far from shore

*tears never ran on the cheek of the weak.  
fear is not felt in the heart of a fool.  
mercy is not in the chest of a coward.  
patience is best out of all your tools.  
a lovers respect is invaluable.  
a mother's love is the closest thing.  
man's strength is in the heart.  
her greatest beauty is within.  
pearl inside of a clam, shouting.  
pain and passion bursting.  
deep down on the ocean floor.  
drifting away.  
far from shore.*

*love yourself*

*the real you*

*God made you*

*nothing can replace you*

*she learned to  
smile again*

*One day I'll smile  
again too*

*One day (maybe)  
I'll smile again  
with you*

*When I've  
payed for my  
actions*

*When I've suffered  
like you have*

*Only then can i  
accept your  
forgiveness*

*Only then  
can i say i've  
changed  
my-*
